ISA's Summer Programme

Since 1989, ISA has offered a summer day camp to children aged 5 to 17 years old who wish to learn English in an English speaking environment.

The main focus of our programme is for children to improve their English through fun activities and is designed to build confidence through clear and intensive classroom teaching in small groups. These groups are led by caring, experienced instructors, ensuring individualized attention for each child as well as maximum enjoyment, challenge and learning for all.

ISA's Summer Programme provides English lessons at all levels and an exciting and fun adventure through every day recreation activities.

Our activities include sports, swimming, use of the computer lab, art, drama and games, as well as frequent excursions. Drawing on the recreational, athletic and natural resources of the area, typical trips may include visits to the Zoo, the beach Adventure Park and Water Park.

Our courses have evolved over the years to provide children with an unforgettable summer experience, balancing learning with leisure and gaining the acquisition of language skills.

Every Monday and Friday the children will spend some time in our Kindergarten kitchen where they will have the opportunity to kinder-cook.

On Wednesdays we will have our colour days. On those days we encourage students to wear something red, yellow, green, blue or orange depending on the week or even bring something from home of that colour.
